Energy market Non-clearing Members will receive a certain amount of reduction in the basic financial collateral required when entering into multiple energy markets. When a Non-clearing Member enters at least 3 markets (see the list above), from the entrance to the third market the basic financial collateral is 50% of the original basic financial collateral (20,000 EUR/market). In case of GBP markets there is no reduction.

Example 1: *ABC Non-clearing Member enters into the following markets:*

- *EEX derivative market - GBP settled products*
- *SEMOpX spot market - GBP settled products*
- *EPEX spot market - GBP settled products*

The basic financial collateral requirement of ABC NCM is: 120,000 GBP (3 x 40,000 GBP). There is no reduction.

Example 2: *ABC Non-clearing Member enters into the following markets:*

- *EPEX SPOT market - GBP settled products*
- *EEX SPOT market - EUR settled products*
- *SEEPEX spot market*
- *NOREXECO futures market - EUR settled products*

The basic financial collateral requirement of ABC NCM is: 40,000 GBP + 40,000 EUR + 40,000 EUR (=40,000 GBP + 40,000 EUR + 2 x 20,000 EUR).

Example 3: *ABC Non-clearing Member enters into the following markets:*

- *EEX SPOT market - EUR settled products*
- *EEX derivative market - EUR settled products*
- *EPEX SPOT market - capacity auction*
- *SEEPEX spot market*
- *SEMOpX spot market - EUR settled products*

The basic financial collateral requirement of ABC NCM is: 140,000 EUR (=2 x 40,000 EUR + 3 x 20,000 EUR)

Additional Financial Collateral

I. Incomplete reporting obligation

According to KELER CCP Ltd.'s effective General Business Rules, in case of not submitting the duly signed financial statement, the auditors' report signed by the auditor or the KYC (Know-Your-Customer) questionnaire within the framework of BÉT derivative and Multinet (spot) market clearing membership relation establishment or the annual reporting obligation, the one-time additional financial collateral is:

10,000,000 HUF

In case of balancing clearing membership, derivative energy market or spot energy market non-clearing membership handled with post-trade TMR limit (for example CO2 quota trading), not submitting the duly signed financial statement, the auditors' report signed by the auditor or the KYC (Know-Your-Customer) questionnaire regarding the relation establishment or the annual reporting obligation, the one-time additional financial collateral is:

30,000 EUR

In case of spot energy market non-clearing membership handled with pre-trade limit, not submitting the duly signed annual financial statement or the KYC (Know-Your-Customer) questionnaire regarding the relation establishment or the annual reporting obligation, the one-time additional financial collateral amount is (auditors' report on these markets is not required):

30,000 EUR

In case of incomplete reporting obligation, the Non-clearing Member's limit due to individual risk assessment is zero, in case of gas market clearing membership the amount of additional financial collateral due to credit rating is equal to the applied amount of the very high rating category seen in the table below in point III.

In case of a new member, if the applicant's registration process on the Registry Court submitted within 6 months before the submission of the (non-)clearing membership application, KELER CCP Ltd. refrains from the (audited) financial statement (the KYC (Know-Your-Customer) questionnaire must be provided). However, these (Non-)clearing Members are obliged to provide the (audited) financial statement after 6 months, from the date of registration on the Registry Court, for KELER CCP Ltd. In case the (Non-)clearing Member does not provide its (audited) financial statement after 6 months, KELER CCP Ltd. is entitled to suspend the (Non-)clearing Member's clearing right, in line with KELER CCP Ltd's General Business Rules.

In case of the new comer (Non-)clearing Member, registered on the Registry Court within 6 months, the Non-clearing Member's limit due to individual risk assessment is zero, in case of gas market clearing membership the amount of additional financial collateral due to credit rating is equal to the applied amount of the very high rating category seen in the table below in point III.

New comers registered on the Registry Court for more than 6 months cannot be admitted without financial statement.

II. Due to inadequate shareholders' equity level

For a new comer, if the applicant (non-)clearing member's equity does not meet the level required in KELER CCP Ltd.'s effective General Business Rules for the applicable market, KELER CCP Ltd. can impose additional financial collateral to an extent which covers the additional risk deriving from the lack of necessary equity.

In case of existing clearing membership, the shareholders' equity of the clearing members must constantly meet the minimum requirement for the specific market, determined in the General Business Rules of KELER CCP Ltd. In case of inadequate shareholders' equity level or the lack of the financial statement, KELER CCP Ltd. is entitled to impose additional financial collateral to cover the additional risks arising from the inadequate level of shareholders' equity.

III. Based on credit risk assessment on gas market

For the gas market clearing members - based the internal credit rating result, taken into account the annual financial statement and KYC (Know Your Customer) questionnaire - an additional financial collateral could be imposed for balancing clearing purpose.

Please find in the table below the additional financial collateral amounts for each credit rating category.

Rating category	Amount of additional financial collateral (EUR)
Very low	-
Low	34.000
Medium	68.000
High	135.000
Very high	270.000

The additional financial collateral amounts in the table above, will be determined for new clearing members of Balancing Clearing during the registration process.

For existing clearing members of the Balancing Clearing, the amount of the additional financial collateral will be determined within 60 calendar days after the deadline of reporting obligation, which shall be settled within 5 business days.

The additional financial collateral can be fulfilled in security and currency based on the effective condition lists about the acceptance of instruments.
